-------------------	--

Environment

Chrome Version 122.0.6261.112 (Official Build) (64-bit)

Firefox Version 123.0 (64-bit)

Description**Preconditions:**User must have access to the internet an the site <https://ddsteponline.ro/>User must use an INVALID e-mail(example@mail.Zom)

User must not have an account on this site with the e-mail in use

User must use a password that is a least 5 characters long

Steps to reproduce:Navigate to <https://ddsteponline.ro/>

Click on the human looking icon in the right upper side of the page.

A login page has opened.

Click on "Creati un cont" under de login button.

A register page has opened.

Introduce a first name in the input field "Prenume".

The first name is accepted.

Introduce a name in the input field "Nume de familie".

The name is accepted.

Introduce an INVALID e-mail in the input field "E-mail".(example@mail.Zom)

E-mail is accepted.

Introduce a valid password in the input field "Parola"

Password is accepted.

Click on the button "Creati".

The following success message appears "Contul a fost creat cu succes!"

The user receives the success message "Contul a fost creat cu succes!"

You are now on the starting page.

The user is returned to the starting page.

Expected result:

An error message appears "Vă rugăm să ajustați următoarele:Email este nevalid."

Actual result:

The user can create an account with an invalid e-mail.
